This report is intended for use for the Fond du Lac County maintenance program only; it is not intended to be used as a septic system evaluation for the sale or refinancing of this property. This report represents the findings of the inspector and does not warrant future functioning ability of the septic system.

Certain findings by your inspector/pumper will prompt an inspection and possible correction orders from this office, e.g. ponding of effluent/wastewater to the ground surface, cesspools, inadequate well setbacks etc.
